Yes, that's correct. I am confusing myself because I have them transposed on my chart too. Thanks for clarifying.

Teresa,
Actually the two water rights 84-4126 and 84-4162 are both Potlatch water rights. I believe 84-4162 goes from Potlatch Forest Holdings to Potlatch TRS Idaho and 84-4126 goes from Potlatch Corporation to Potlatch Forest Holdings, Inc. I don't need new paperwork if you can clarify these two water rights through email. I will just change the numbers on the forms and put your email in the file.

Thanks for your help.

Sandy

Sandy,
Thanks for the voicemail. I only have 84-4126 on my list of rights to transfer, so if we listed it as 84-4126 it must have been a typo. Do you need us to send new paperwork?

I will have to check with Potlatch regarding the parcel ownership and will give you a call when I find out.

Please feel free to call or email me if you have any additional questions.

Subject: Potlatch Water Rights

Teresa,

I left you a voice mail this morning about water rights 84-4126 and 84-4162. I think the numbers were transposed on one of the Change of Ownership forms.

I would like to add another question to the mix. I am working on water rights 85-2098, 85-2140, etc. Several water rights overlap the same area. My question is, did Potlatch ever own the two southern parcels in 36N05W Section 32 SENE. On our 2007 parcel data, Michael McNichols owns that property. The parcel numbers we have are: RP36N05W322090 and RPL365W0321899. I have attached a map with aerial photography to help identify the parcels.
