Subject: RE: Potlatch Water Rights Transfer

Hi Teresa,

Here's a quick overview of my review of the documents submitted.

Ownership has been updated on the following water rights:
86-7087, 92-7043, 92-7218, 91-4008, 84-7061 and 84-4162. An assignment of permit was received and updated on Permit No. 91-7151 in May, 2006.

Water Right 85-15367 is awaiting agent review and I don't have a time-frame for completion at this time.

I cannot complete the ownership change for 84-2035 as part of the water right is located in SENW & NESW Sec. 16, T37N, R05E and this section was not covered by the deeds submitted. IDWR needs additional documentation or a split will be required.

My last a final problem is with 85-2098, 85-2140, 85-2170 and 85-4108. I am having difficulty determining exact location of the portions of land as described in Section 1, Exhibit A. I have tried to obtain a copy of the 2003 survey as noted in Exhibit A. I will make another attempt to get this survey.

If you could supply IDWR with the additional documentation it would help us complete the ownership changes. A plat of the area as described in Section 1 would be very helpful.

Thank you for your assistance,
Emalee

Michele,

I am going to be out on maternity leave soon and wanted to be able to update Potlatch on the status of these water rights transfers before I go, which could be any day now. Please let me know if you have any information about the status or if you need anything else to process the transfer requests.

Thanks,
Teresa A. Hill

Michele,
I just wanted to follow up on the status of the water right transfers to Potlatch Forest Product Corp. Let me know if you need any additional information to process the transfers.

Thanks,

Michele,
Attached as we discussed is the cover letter with a list of the water rights that were to be transferred to Potlatch Forest Products Corp.
Let me know what you find out.

Thanks for your help.
