Re: transfer evaluation

This transfer proposes to add the Hanrahan Ditch as a point of diversion. Antelope Creek currently has a block in it and will no longer deliver water to the old point of diversion.

Authority to File:
Applicant is the owner of record as far as the SRBA decree.

Water Right Validity:
This water right was decreed in the SRBA in 2002. Air photos from 2004 show it to be irrigated.
Forfeiture is not an issue.

Injury to Other Water Rights:
Hanrahan Ditch is upstream from the original point of diversion.
Will request watermaster comment.
Transfer will be advertised to determine any protests.

Enlargement of Use:
There is no evidence of enlargement of use.

Local Public Interest:
No issues identified.

Beneficial Use / Conservation of Water Resources:
No issue identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
