RE: APPLICATION FOR TRANSFER NO. 75969

Dear Mr. Meyer:

On August 21, 2009, the Department of Water Resources received your application for transfer no. 75969 to change the point of diversion pursuant to claim no. 95-11027 and the appropriate filing fee. Enclosed is a receipt for your records. Additional information is required before the Department can continue to process your application.

Please provide documentation to establish that you are an authorized representative of the applicant. The documentation can be a copy of a current "power of attorney" authorizing signature on behalf of the applicant, a letter from a registered officer of the applicant, or other similar documentation. The current registration on file with the Idaho Secretary of State lists Robert C. Baker as the executive director of Lutherhaven Ministries.

Applications for transfer proposing to change a water right based on a claim in a pending adjudication must document the validity, priority date, and extent of beneficial use established under the claim. Please provide evidence to establish the validity of your claim including the priority date and the extent water has been used for municipal purposes. Evidence should include a detailed description of the water diversion and delivery system from the well to the end points of use. Review of the claim will include field verification by Department staff.

Please return this information within thirty (30) days from the date of this letter. Failure to provide the requested information may result in the Department rejecting your application. If you have any questions, please contact me at (208) 287-4943.

Sincerely,

Aaron Marshall
Sr. Water Resource Agent
