OPALINE IRRIGATION DISTRICT

RE: Update Process for the District Boundaries

To Whom It May Concern:

I was recently contacted by an individual who wanted to know how the irrigation district would add 40 acres into their irrigated boundary.

Chapter 10 of Title 43, Idaho Code, covers the procedures an irrigation district must follow to annex land. IDWR does not play a role in this process except to update the district's water right file.

Once the annexation takes place, IDWR should be notified so we can update the district boundaries in our GIS system.

In order to notify IDWR, please submit the legal description of land that has been included in the irrigated boundary. An officer of the district should sign the request.

Once IDWR receives the request to update the district's boundary, we will update the water right file and send you a confirmation.

Please contact me if you need further information or have questions at 208-287-4944.

Sincerely,

Cherie Padilla

Sr. Water Resource Agent  
Water Allocation Bureau

**TRANSMITTAL COVER SHEET**

FAX NUMBER: (208) 327-7866

DATE: 3/5/10

TO: Opaline Irrigation  
District

FROM: Idaho Dept. of  
Water Resources

DOCUMENT DESCRIPTION: Process for updating irrigated  
boundary for the district's water right.

COVER SHEET + 1 PAGES

CONTACT: Cherie IF YOU DO NOT RECEIVE ALL THE PAGES

THANK YOU!
