This letter is to request qualification  
certification of our small Hydro electric  
facility on Mud Creek.

1. S & S limited Partnership (Don and Wayne Skeem)  
1742 Targhee Twin Falls, IDA. 83301  
located @ 3 mi. NW of Buhl, Ida. on  
Mud Creek.
2. We have been producing and selling  
electricity to Idaho Pwr. Co. for over  
two years now.
3. We use Mud Creek and some irrigation  
and artesian flows. Strictly water!
4. The Capacity of the facility is about  
500kw! Water flows vary and  
we are seldom producing full capacity.  
Production of about 2.4 million kw annually  
is about 1/2 it.
5. The facility is entirely owned by my  
son and I, (after we pay the lenders,  
of course).
