John,

Attached is the most recent correspondence IDWR received from Pete Eliopulos concerning water right permit nos. 37-7426 and 37-8165. As we discussed, there is an appeal pending before the U.S Court of Appeals, Ninth Circuit. IDWR would like to have an update in this matter in order to move forward with resolution of the water right permits and corresponding SRBA subcases. Thank you.

Aaron
