RE: Application for Transfer 69783

Dear Applicant:

In 2002, you filed an application for transfer of water right on part of 73-2098, a Pahsimeroi River water right. Your Transfer was protested and not approved. You no longer own the water right in question. It was partially decreed to Benjamin Yates for stockwater only.

You must respond within 30 days of this letter to what you wish to do with this transfer. If you do not respond within 30 days, we will issue an order rejecting your transfer on the grounds that you no longer own the water right, the current beneficial use defined by the partial decree does not conform to the transfer application and for failure to respond to requests from this office of the Department of Water Resources

Please feel free to contact this office if you have any questions.

Sincerely,

Dave Carlson
