Mr. Lucas:

Enclosed are copies of Amended Transfer application #69783 and a new transfer application #69923 from the Bureau of Land Management.

We won't re-advertise application #69783 but would like a letter from you acknowledging that your client wants to maintain his protest if that's the case.

The new application from the Bureau of Land Management will be advertised and you would need to file a formal protest for your client if you felt this application had problems.

Sincerely,

Harold W Jones
Water Right Supervisor
