John,

We submitted the transfer document in the name of Van Es on four water rights in his name and four water rights in Loucks name. Based on the ownership documentation submitted with the transfer application and the language in the contract, will you be able to include Dale and Jackie on the Loucks' rights? Attached is the contract I sent you. Page 18 is the notary for Dale and Jackie's signatures. Behind that is the Notice of Contract of Sale that I previously sent you with notarized signatures of all the parties and Exhibit A describing the associated property. I'm assuming that the parties signed the Contract of Sale separately, at separate times, which is why Dale only had a copy with Van Es signatures. At least you have an idea what was agreed upon in the sale of the property. Upon your request, I'll ask the Loucks or the title company for a contract copy signed by the Loucks. Thanks for your attention to this matter John.
