Re: Transfer Evaluation

This transfer proposes change the place of use for water rights 74-281 and 74-1866. Applicant upgraded his irrigation system to include a pivot and handlines. The applicant proposes to change the place of use to correspond with the changes made to the irrigation system.

Authority to File:

Applicant is the current owner of water right per IDWR record. The applicant provided a quit claim deed which relinquished 2.5 acres of water rights 74-281 and 74-1866 which was pertinent to Karl and Mae Belle Snyders property. Merrill Beyeler who is the applicants representative signed the application. Robert Amonson provided a written statement authorizing Merrill Beyeler to sign on his behalf.

Water Right Validity:

Decreed in 2007. Forfeiture is not an issue.

Injury to Other Water Rights:

Within WD 74. Points of diversion will not change.

Watermaster did not comment. It is assumed that the water master does not oppose transfer. No evidence of injury. Will process as a no ad transfer.

Enlargement of Use:

There is no evidence of enlargement of use.

Local Public Interest:

No issues identified.

Beneficial Use / Conservation of Water Resources:

No issue identified.

Review of the application finds there is not clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
