RE: BATT APPLICATION FOR TRANSFER

Dear Blake,

Thank you for your quick review of transfer application #76434. I apologize for the incorrect place of use. I referred to the irrigation companies blue print of the pivot location and it was not correct.

To correct this problem the center of the pivot has been moved east to remove irrigation of the land in the NW quarter of section 26. I highlighted the acres changes on Part I.

I also included page 3 with the questions and answers.

Thank you for your persistent help on this matter.

Sincerely,

Brian Higgs
