DEPARTMENT OF WATER RESOURCES
NOTICE OF CHANGE IN WATER RIGHT OWNERSHIP**

Please print or type. Attach pages with additional information. Instructions are included at the end of this form. Incomplete forms will be returned.

1. Please list the water right number(s) and/or adjudication claim number(s) (if any) for each water right to be changed. List just the adjudication claim number if there is no corresponding water right record on file with the department. Indicate, by checking in the space provided (under the "split" heading), if the change in ownership is limited to a portion of a water right in which case IDWR will produce new water right number(s) for the split(s).

PD 36-11120	11120				

2. The following **REQUIRED** information must be submitted with this form:

- A. The appropriate **FILING FEE**. See instructions for fee amounts.
- B. A copy of the most recent **DEED, TITLE POLICY, CONTRACT OF SALE** or other legal document indicating your ownership of the property and water right(s) or claim(s) in question, **WITH ATTACHED LEGAL DESCRIPTION**.
- C. Either of the following (if necessary to clarify division of water rights or other complex property descriptions):
PLAT OF PROPERTY or **SURVEY MAP** clearly showing the location of the point(s) of diversion and place of use of your water right(s) and/or adjudication claim(s) (these are on file with the county Planning and Zoning or Recorder's Office).

OR

- D. If your water right(s) and/or adjudication claim(s) is for ten or more acres of irrigation, you must submit a USDA Farm Service Agency or equivalent **AERIAL PHOTO** with the irrigated acres outlined and point(s) of diversion clearly marked. The **AERIAL PHOTO** should be submitted in place of the **PLAT OF PROPERTY** or **SURVEY MAP**.

3. Name and Address of Former Owner/Claimant(s)

6. If the change in ownership affects the entire water right for each water right or adjudication claim number listed in line 1, then skip this line and go to line 7. If the change in ownership divides the water right(s) among multiple owners, you must describe, in detail, your portion of each water right after the change. Fill in the appropriate spaces in the box(es) below to describe your water right(s) after the change (you may copy this page, if necessary). If your quantity of water is greater than a proportionate split, you must attach documentation to show justification for a larger amount. If you are not sure how to identify your portion of the original water right or adjudication claim records, please contact the nearest IDWR office for assistance.

thereunto belonging or in anywise appertaining, including but not limited to all buildings and fixtures, whether or not permanently attached.

3. All rights-of-way and easements whether directly acquired, granted and reserved under Idaho Code 58-604, or reserved by the Act of August 30, 1890 (26 Stat. 391) and amendments thereof and supplemental thereto and exercised or in use by the United States for the Milner-Gooding Canal, laterals, drains, flumes, pipelines, and roads, and appurtenances thereunto, from the Canal headworks (including the headworks) at Milner Dam on the Snake River, extending to the North Gooding Main Canal, over and upon lands within the Gooding Division of the Minidoka Project of the Bureau of Reclamation, as located on Exhibit A (map) in Jerome and Lincoln counties, Idaho, which include but are not limited to the Rights-of-way Reserved, described and further referenced on said Exhibit C, together with the right to enter upon the rights-of-way and easements for the purposes of repairing, maintaining or reconstructing the irrigation facilities located thereon, TOGETHER WITH all and singular the improvements and appurtenances thereunto belonging or in anywise appertaining.

TOGETHER WITH all third party agreements associated with said facilities and premises.

SUBJECT TO: (1) valid existing rights; (2) the rights, if any, that were reserved in the original patent on said premises; (3) rights-of-way of record or in use for roads and highways, utilities, and railroads; and (4) the reservation of a right-of-way for ditches and canals being of the same character and scope as that created with respect to certain public lands by the Act of August 30, 1890 (26 Stat. 391) as it has been or may hereafter be amended.

ALSO SUBJECT TO permits, licenses, leases, rights-of-use, or rights-of-way of record outstanding in third parties on, over, or across said lands or facilities. Benefits, payments, and responsibilities of Grantor arising after the date of this deed under such existing outgrants shall inure to the benefit of and be binding upon Grantee.

NOTICE IS HEREBY GIVEN that:

(a) Acting pursuant to the requirements of 40 CFR 373, on April 13, 2005 and August 18 & 24, 2005, Grantor performed hazardous waste surveys of the lands and facilities herein conveyed. The lands and facilities conveyed herein to Grantee are being conveyed in the same condition as existed on the date of said surveys and which is more particularly described in those surveys. No remediation by Grantor on behalf of Grantee has been or will be made.

THE INFORMATION CONTAINED IN THIS NOTICE IS REQUIRED UNDER AUTHORITY OF REGULATIONS PROMULGATED UNDER SECTION 120(h) OF THE COMPREHENSIVE ENVIRONMENTAL RESPONSE COMPENSATION, AND LIABILITY ACT (CERCLA OR "SUPERFUND"), 42 U.S.C. SECTION 9620(h).

The United States has conducted a search of files at the Bureau of Reclamation Snake River Area Office located in Burley, Idaho, to identify available information with respect to hazardous substances that were stored for one year or more, known to have been released, or disposed of at the property. That search of available information produced no information on hazardous substances so stored, released or disposed.

(b) Grantee accepts these facilities, premises and appurtenances "as is".

(c) CERCLA Environmental Covenants and Stipulations:

1. Grantee stipulates that it would be a potentially responsible party, should a release have occurred on the property during Grantee's operation of the facilities under contract with Grantor.
2. To the extent the United States is determined responsible, and to the extent allowed under the provisions of Section 313 (d) (5) of the said Consolidated Natural Resources Act of 2008, Grantor warrants that any response action or corrective action found to be necessary after the date of the transfer shall be conducted by the United States, except that in keeping with Article 5(b) of the AFRD Agreement, Grantee will be responsible for completing any lead and/or asbestos abatement that may be required.
3. Grantee grants the United States access to the property in any case in which a response action or corrective action is found to be necessary by the United States after such date at such property, or such access is necessary to carry out a response action or corrective action on adjoining property.

FURTHER CONVEYANCES: If any further specific conveyances should be necessary or advisable hereafter, because of the discovery of additional Property of the Gooding Division, Minidoka Project, located in Jerome, Lincoln and Gooding Counties, Idaho not listed on the Exhibits, or to more specifically and legally describe the Property, then Grantor and Grantee shall make reasonable efforts to accomplish such conveyances on the same terms and conditions set forth hereinabove.

IN WITNESS WHEREOF, the GRANTOR, through its duly appointed officer, has executed this Deed the 18 day of July, 2008.
