Dear Carl,

As you may recall from our conversation when you filed your transfer application, we need additional data from you before we can proceed with processing. Please provide us with the following items:

1. Proof that John T. Williams was the former owner of 12S 40E 25 NENE.
2. Notarized statements from any owners within the decreed place of use indicating that they have no interest in water right 13-858. A statement from the owner of 12S 40E 25 NWNW will not be necessary.
3. Any deeds that make specific reference to the subject water right would be very helpful.
4. The deed that you submitted with the application did not include the SWSW and part of the NWSW of 12S 41E 19. We need proof of ownership of that land.
5. Delivery records, watermaster records, or a notarized statement from the watermaster regarding his measurement or delivery of the water would be helpful as well.

We may have to do a field exam on this one before it's all said and done. If you have any questions regarding this matter, please feel free to contact me at (208)525-7161.

Respectfully,

Michael Holliday
Water Resource Agent, Sr.
