RE: Assignment of Permit 63-11702

Dear Lori:

The Department of Water Resources acknowledges receipt of the assignments of permit for the above referenced water right permit. The department has modified its records to reflect the change in ownership and has enclosed computer-generated reports for your records.

Permit no 63-11702 was divided as follows:

Permit no. 63-11702 is in the name of J Line LP.
Permit no. 63-33373 is in the name of Peter C Holm.
Permit no. 63-33374 is in the name of Richard M Fraser.
Permit no. 63-33375 is in the name of Jason E Phillips.

As you are aware, the next step in the process of developing a water right is for the department to conduct the field examination to determine and confirm the use of the water, and that it meets the permitted beneficial use. The department will contact the permit holder to set up an appointment. If you have any questions about the field examination, please contact the **Western** Regional Office of the department in Boise at (208) 334-2190.

Sincerely,

Emalee Rushing
Office Services Supervisor
