RE: Water Right Number Change

Dear Water Right Holder:

The Department of Water Resources has made a change which resulted in your water right being renumbered from 83-7134 to **86-11991**. Please use this new number when contacting the department about your water right.

The Department acknowledges receipt of your notice of change in address and has updated your address per your request. No other changes have been made to the water right. I have enclosed a water right report which reflects the new water right number and the current contact information.

Sincerely,

Emalee Rushing
Office Services Supervisor
