Thank you for submitting the Notice of Change of Ownership for the Bradley Mining Co.

After reviewing the application, there seems to be some information missing. As stated in an earlier email to Mr. Wagner, Water Right 77-7294 is in the permit stage and therefore requires an Assignment of Permit form which I email to Mr. Wagner on April 5, 2010. I have also attached it to this email.

In regards to Water Right No. 77-7293, the quit claim deed you provided does not cover the entire place of use listed on this water right. The deed is missing claim to Township 18N, Range 09E, Sections 11 & 14. I will need additional deeds in order to process the change of ownership on this water right. If you cannot provided additional deeds, a "split" of the water right will be required and an additional fee of \$75 will be required.

Because the Department cannot process the ownership change without proper documentation or fees, we will hold any action on your notice pending receipt of the necessary information or fees. If we do not receive the necessary information and/or fees within 30 days we will return your notice and all attachments and your notice will not be processed.

If you have any questions, please contact this office at 208-334-2190.

Thank you.
