Jana,
Thanks for discovering that error.
The spreadsheet summary is wrong.
It should say that the watering trough is between lots 1 and 4.

You will see the trough location displayed on the plat displayed on page 22 of the attachments.

How goes it? I assume next step is publication of notice? Any predicted timetable?

- Chris

Chris,

I need to know where the trough is... the narrative states it is located between lots 1 & 4, your summary of the rights have it located between lots 3 & 4. Please clarify.

Thanks,

Jana
