Telephone

DATE 2/4/04FILE 55-2208NAME OF PARTY Don Barnhill

Rock Creek Dam.

EMPLOYEE J. Westra - Western Reg.Transfer #70910
Comment letterRE: Transfer #70910

- Discussed transfer, and what Mr. Steiner was trying to accomplish with the issues surrounding the Lousia Crd. Dam.
- He was upset concerning the Jordan Valley address, and that the comment letter was not addressed to Murphy. I stated that is the owner's responsibility to make sure addresses are current (Id. Code.)
- He stated that dam safety had not sent him inspection reports, and not contacted him for inspections. I had trespassed on his land. My response was I had the dam owners permission and had traveled with them.
- Checked dam safety files - R+1 Murphy ID address being used OK

2/6/04

Mr. Barnhill visited the regional office. Discussed Steiner transfer. Mr. Barnhill had issues with lower diversion/outlet gate on the dam marked as P/D. Really didn't have much objection after discussing what was being tried to accomplish. Discussed dam inspections and access thru the Winder camp Ranch. Set some notification criteria and contact rotation for the Rock Creek facility inspections.

Mr. Barnhill file a protest on the transfer at a later date.

* Wrote contact instructions in Lousia Creek & Rock Creek Dam Files. Discussed with M. Stubblefield @ SO.
