RE: App For Transfer 73745, East Valley Cattle LLC

Dear Mr. Moss;

I am reviewing the above-referenced water transfer, which ties together 18 existing irrigation wells under a common irrigation system for land now owned by the applicant. One of the wells involved in this application is located in the SE/SW Sec. 22 T. 11S R. 27E. East Valley bought this land from Robert Moss in 2006, and it is my understanding that they got the full use of this well. The deed is not clear on this, however, and the well is still listed as a point of diversion on five water rights that you own. This issue is holding up processing of the East Valley transfer, and I have not had any luck straightening this out working with their agent. So I am contacting you directly in hopes of straightening this out. We want to be sure that your interest in this well, if any, is protected through the transfer process. Please contact me so we can discuss this matter.

Regards,

James E. Stanton
Sr. Water Resource Agent
