Re: Application for Transfer No. 73842

Dear Mrs. Kane:

The Idaho Department of Water Resources (IDWR) is currently reviewing the above referenced application for transfer to change a water right(s). Review of the current version of the application, including amendments made during an office visit some time ago, indicate the only change to water right 65-3223 proposed is a minor tweak of the place of use for 1.3 acres of irrigation within the NW NE, Section 27, T10N, R04E. I have enclosed a copy of the transfer application for your reference. The proposed change is within the same 40 acre tract, thus does not require a transfer per current Department policy. I have enclosed a Withdrawal of Application for Transfer form for your use. The place of use shape file for the right will be updated based on the map submitted with the transfer application.

Please submit the Withdrawal of Application for Transfer, including a written request for a refund of the transfer fee if you so desire, within the next thirty (30) days. Without a timely reply, IDWR will issue a preliminary order to reject the application. The application fee will not be refunded for a rejected application.

IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please contact me at 208-334-2190 if you have any questions. Thank you for your attention to this matter.

Sincerely,

Angela M. Grimm
Water Resource Agent, Sr.
