Re: Amended Application for Permit No. 63-11791

Dear Ms. Grimm:

Enclosed please find an Amended Application for Permit No. 63-11791. As you and I recently discussed, I also enclose an aerial photo with the location of the corrugated pipe point of diversion marked with a red "X". As the point of diversion is located outside of the pond, pursuant to our discussion, I have also added a "Diversion to Storage" purpose of use. Finally, I have changed the "water bearing zone" from which the well diverts to "0 to 15 feet".

I believe the application for permit now addresses all of the issues we discussed. Please feel free to contact me with further questions or concerns.

Sincerely,

Charles L. Honsinger
