Re: Notice of Violation Issued to Meadow Creek Homeowners' Association

Dear Mr. Spackman:

This correspondence is in response to the Notice of Violation issued to Meadow Creek Homeowners Association by IDWR on July 11, 2002. As I stated to you in our telephone conversation of earlier today, the Association intends to cooperate fully with IDWR in this matter and appreciates IDWR's recognition of the Association's forthrightness in the Notice.

Pursuant to the notice of remedies sought by IDWR, the Association hereby notifies IDWR that it intends to file an application to rent 10 acre-feet of storage water from the Boise River Rental Pool for release by the watermaster for Water District No. 63 to satisfy water needs downstream of the Glenwood Street bridge. The Association will diligently pursue the rental by contacting the watermaster and discussing the rental of water, and will keep IDWR apprized of its progress with respect to this matter. Additionally, the Association (after consultation with the watermaster and appropriate IDWR personnel) intends to amend its application for permit no. 63-11791 to include a suitable permanent mitigation plan, and allow for the processing of the application.

It is my understanding from our conversation of this morning that this correspondence, and the commitments contained herein constitute the response contemplated by IDWR in the Notice of Violation, and that, if the Association complies with the remedies sought therein, no further enforcement will be forthcoming. Please contact me immediately if my understanding is incorrect, or to discuss any concerns or questions this correspondence may raise.

Sincerely,

A handwritten signature in cursive script that reads "Charles L. Honsinger".

Charles L. Honsinger
