RE: Application for Transfer

Dear Mr. Wolf:

We received the Upper Grand View Canal Co. transfer 9/17/1996. Before we can continue processing the transfer, several issues need to be addressed. These are highlighted in the enclosed information sheet. Please return the information requested so that processing can proceed.

Since water right 02-07212 has yet to be reviewed and decreed in the Snake River Basin Adjudication (SRBA), the transfer needs to be based on Upper Grand View Canal Company's water right 02-07212A, which does not include the BLM leased acres represented by 02-07212B. These two rights were claimed together in the SRBA, but may be decreed seperately pending the outcome of an on-going Federal Goverment objection currently being litigated in the SRBA. Please file the transfer based on 02-07212A, rather than SRBA claim A02-07212.

The total amount to be transferred is a pro-rated portion of the licensed amount. Based on 02-07212A, 20.6 cfs/1030 acres = .02 cfs/acre X 25 acres = .50 cfs to be transferred.

I have enclosed the original transfer, a blank transfer form, the highlighted information sheet, and profile reports of 02-07212A and 02-07212B.

Please return the above requested information to my attention. Let me know if you have any questions.

Sincerely,

Lori Graves
Sr. Water Resource Agent
