Zach,
Allen also said to be sure to cut out roads and buildings in the overall shapefiles for the PPU's!

Zach,
I am working on receipting and data entering the transfers and permit. I was making the copies ERO requested and I **accidentally stamped copy** on one of the originals! Could you please shoot me a new **first page** of the one with water rights 37-2597 and 37-2764 for Spring Creek Ranch? I'd appreciate it, thanks...Jeanie

Thanks Jeff-
I am working on the amended applications right now. I will have the correct fees for Jeannie by tomorrow, and I will look to turn everything into you tomorrow as well. Stay tuned-

Zach - Just FYI the application numbers for the existing Spring Creek Ranch transfers are as follows:

37-1207: Transfer 75838
37-310A, etc...: Transfer 75839
37-180, etc...: Transfer 75840

Hey Zach,

I was working on data entering these transfers and it seems we need some adjustments to the acre amounts in the PPU's and some shape files. Could you send me the shape files for the PPU's and also a shape file for the ponds which are being cut out and covered by the permit? These two files should also be intersected or something so that the acres listed on the Part 3 's do not list those dry-up acres which will be covered by the ponds and such. If this doesn't make sense, please give me a call...Thanks, Jeanie
