Re: Water Right 63-4614

Dear Mr. Marshall,

On November 23, 2009, SPF Water Engineering submitted an application to lease water right 63-4614 to the Idaho Water Supply Bank (IWSB) on behalf of Caldwell School District No. 132. With this letter, Caldwell School District No. 132 requests the department to release this water right from the bank for the 2010 irrigation season while well construction authorized under permit 63-33301 is completed. The District will re-enroll water right 63-4614 to the IWSB once the ground water irrigation system is complete.

Thank you for your attention to this matter.

Sincerely,

Roger Quarles
Superintendent, Caldwell School District No. 132

cc: Lori Graves, SPF Water Engineering
