RE: Application for Transfer for Basin and Range Resource Company

Dear Mr. Lester,

Please accept the attached application for transfer in the name of Basin and Range Resource Company, LLC. This transfer seeks create a permissible place of use of the appurtenant water rights, based on the status of the water rights prior to transfer #71619. Transfer #71619 aligned the water rights to serve a dairy, but the dairy was not developed. The new/current owner does not wish to pursue the dairy. Through objections to the recommendations in the SRBA and this application for transfer, the applicant seeks to essentially rescind transfer #71619 and return the water rights to irrigation only with a permissible place of use.

The filing fee of \$1017 is included.

If you have any questions, please call.

Regards,
