Subject: Basin & Range Resource Co., Transfer 74601

Dana:

I just received your fax regarding withdrawal of this transfer application along with a request to refund the filing fee.

The application was submitted by Steve Hannula, although your firm paid the fee. I understand your involvement in this matter, although not formally designated in the 74601 file, from your work on extending the time to complete Transfer 71619 for Basin & Range Resource Co.

The department will process the withdrawal and issue a refund to your office. Thank you clearing up this transfer application.
