RE: Final Void Order Application for Permit 63-12220 Avest Limited Partnership

Dear Mr. Sweet & Mr. Callahan:

As you are aware, the original deadline for submittal of the mitigation plan/information for the above application was January 1, 2010. A preliminary ordered voiding the application was issued January 6, 2010. Our office has honored your timely petition requesting an additional 30 days extension of time; we also met on February 24, 2010 to discuss possible options. I did not set a response deadline with the understanding you would pursue the options with diligence. To date, our office has not received a response.

This letter will provide notice the preliminary void order issued on January 6, 2010 will become a final void order on **April 1, 2010** by operation of law. You need to submit a directive/plan on or before the deadline, ref. Idaho Code 67-5243(3) & 42-204. Further requests for extensions of time will not be granted.

Should you have questions, please contact me at the Western Regional Office, phone 334-2190.

Sincerely,

John Westra, Manager
