LAPSE NOTICE

RE: PERMIT NO. 65-22931

Dear Permit Holder(s):

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permit has lapsed and is of no further force nor effect. No further construction or additional development is authorized under this permit unless it is reinstated.

On February 04, 2010, the department received a proof of beneficial use statement along with the \$50.00 license examination fee. On February 18, 2010, the department returned your proof statement, and requested additional information be completed on the form. As of March 25, 2010, the department had not received the completed proof statement.

It is my understanding per our telephone conversation on March 25, 2010, that no development has occurred in order to use the water from the Payette River for irrigation purposes. You also stated to me that you wanted to file for an extension of time in lieu of the beneficial use statement filed in error. Therefore, on March 25, 2010, the department mailed you the request for extension of time form you requested.

This permit can only be reinstated if you submit an acceptable request for extension of time to the department within sixty (60) days of the mailing of this lapse notice. Your \$50.00 license examination fee can be applied to an acceptable request for extension of time. If the department does not receive your request for extension of time within the 60 day period allowed, your permit will not be eligible for reinstatement.

Please contact the Department if you need additional assistance.

Sincerely,

Jeff Peppersack, Acting Administrator
Water Management Division
