The protestant must also send a copy of the protest to the applicant.

GARY SPACKMAN, Interim Director

Published on 4/15 and 4/22/2010

Application for Permit #63-33332

City of Wilder

From: J. Westra

Date 04/01/10

Notes from 04/01/10 telephonic conversation with City Engineer, P. Stevens

-This application will replace 63-21147 disallowed in the SRBA.

This is not an RAFN. The need is current; No need to justify cfs

-POD: listed ten acre tract NW on the application is incorrect OK to remove/strike
Map location is correct.

-POU: Map enclosed with application for service area is larger area than previous transfer #76176 shape- approved 03/26/10. Discussed with Mr. Stevens; will use transfer shape as service area for consistency.

-Include other city wells as P/Ds on application –**NO**

Portions of the city municipal system are segregated irrigation and potable water.
This P/D well is existing (1954) with little well information —estimated water bearing zone 50-100 ft—confirmed with Mr. Stevens.

Re: Application # 63-3332 for Permit to appropriate the Public Waters of the State of Idaho

Dear Mr. Lester:

Pursuant to our Application for Permit to appropriate the Public Waters of the State of Idaho dated 18 January 2010, the City of Wilder respectfully requests that the application for permit be expedited so that the City can commence irrigation services on schedule.

If you have any questions or require additional information, please contact me at 208-467-5252.

Respectfully,

Paul A. Stevens, P.E.

Re: Application for Permit to appropriate the Public Waters of the State Of Idaho.

To whom it may concern:

Please find enclosed a completed application for permit with the required application fee of \$250.

This application for permit replaces a previous water right application number 63-21147 that was disallowed by the Snake River Basin Adjudication Case No. 39576.

Upon examination of the records posted on IDWR's web site and a review of City files, it appears that the water right was disallowed because proof of beneficial use was either not submitted to the department or there was a misunderstanding of the requirement based on the initial date of construction and use (1954).

If you have any questions or require additional information, please contact me immediately at 208-467-5252.

Respectfully,

Paul A. Stevens, P.E.
Wilder City Engineer
