Jim,

I thought I should notify you on an error in the POU for application for permit 36-16829 that was posted in the water right backfile. The map I am referring to is attached to a memorandum dated March 2, 2010 concerning our conversation. During our conversation we may have had a miscommunication. There is a POU in the NWNW of Section 11 (appears to be a part of lot 2). The public restroom mentioned in the application is located in this the ¼ ¼ . I apologize for any confusion.

I have attached a map showing the location of the restroom

Thanks

David
