Re: Applications for Transfer – Triple J Dairy/47-7600

Dear Mr. Merritt,

Attached is the water right transfer application for Triple J Dairy. It is desired to transfer a portion of irrigation water right 47-7600 to stock and commercial water use on a dairy facility owned by Triple J Dairy. This transfer is in response to a Notice of Violation from the Idaho Department of Water Resources.

It is desired to transfer 0.05/17.0 CFS/AFA (consumptive use based on pasture: Hollister at 2.76 af/acre per Allen & Robinson 2007) to a point of diversion of NENWNE Sec. 15 T 10S R 14E. The period of use for the portion to be transferred will be from 1/01 to 12/31 annually. The current POD for 47-7600 is located at T. 13S R. 16E Sec. 21 NWNESW.

Please copy our office on all correspondence regarding this water right transfer. Thank you for your assistance and clarification on this matter and if you have questions or comments, please don't hesitate to call.
