Roxanne:

The transfer application is not being worked on at this time. Your email has been added to the file to prevent premature advertising. Will wait to hear more from you before anything happens with this one. Thanks for the heads-up.

Subject: Transfer #73789 (Elk Creek Canyon)

Steve,

We have been reviewing the permit and transfer applications for this project recently, and realize we need to amend the transfer application to clarify a few things. I don't know whether the transfer application is approaching the publication stage; please do not advertise the transfer application until Elk Creek has time to submit the amended application. We want to avoid the expense and trouble of re-advertising the amended application.

Thank you in advance. Please contact me if you have questions.
