Subject: RE: Elk Creek amended transfer - quick question!

Hi Roxanne:

A letter assigning the transfer application from both co-applicants to Nevid should be included. There is not a dept. form to assign transfer applications so a letter can be used. The letter should include signatures from both both co-applicants. No fee is needed. The letter does not need to be notarized (Transfer Memo #24 says must be notarized, but since we no longer require notarized signatures for transfer apps, the assignment letter should not need it either).

This change will affect ownership or purchase agreement documents in the transfer so I imagine updated documents for that will be included in an amended application.

It probably follows that applications for permit 61-12095 and 61-12096 should be assigned by both co-applicants to Nevid using the dept. "assignment of application" form. There is no fee for permit application assignments. An assignment will affect items 11a/b in those applications and as noted in my 4/29/09 letter to you about applicant's access to P/D sites and possessory interest in the P/U - note that "business relationship" in those responses is too vague, does not establish applicant has access/possessory interest. You could include assignments when you reply to my 4/29 letter, no hurry.

Steve

Subject: Elk Creek amended transfer - quick question!

Steve,

The project is now in the name of Nevid LLC, no longer Elk Creek Canyon LLC. Co-applicant Cleveland Corder is no longer involved. Dennis Rider has the authority to sign for both Elk Creek Canyon LLC and Nevid LLC. Should we submit any additional information concerning this name change with the amended application?

Thanks!

Roxanne Brown
