NOTICE TO RESUME WATER USE

Re: Water Right Nos. 65-3045X and 65-11217

Dear Water Right Holders:

On the 9th of March 2005, the department approved two Applications for Extension of Time to Avoid Forfeiture for Water Right nos. 65-3045X & 65-11217. One condition of the approval was that diversion and use of this water must resume on or before June 1, 2010. Failure to resume use of the water and to notify the department of the resumed use would be cause for the water to revert back to the state and again be subject to appropriation.

Subsequent to the approval of the extension of time to avoid forfeiture, the department received a notice of change in ownership and two applications for transfer. As a result of the requests for transfer, the above water rights have been split into three parts each. For your convenience, I am including a table which reflects the new water right numbers and split portions.

WR #	OWNER(S)	IRRIGATION (acres)	STOCKWATER	DIVERSION (cfs)	VOLUME (AF)
65-3045X	Probst/Young (Gansberger)	17.0	50 cattle	0.34	1.4
65-23366	Probst	5.9		0.12	0.6
65-23367	Young (transfer pending)	7.5		0.15	0.4
65-23368	Dahlstrom (transfer pending)	3.6		0.07	0.4
65-11217	Probst/Young (Gansberger)	26.0	n/a	0.52	
65-23363	Probst	10.3	n/a	0.21	
65-23364	Young (transfer pending)	7.7	n/a	0.15	
65-23365	Dahlstrom (transfer pending)	8.0	n/a	0.16	

I am enclosing a Resumption of Use form for your use to notify the department of your resumption of use of your portion of the parent water right. Please complete the form and return it to my attention by June 1, 2010.

If you have any questions regarding this matter, please contact me at (208) 287-4942.

Sincerely,

Emalee Rushing
Office Services Supervisor
