RE: Change in Ownership Water Right No. 27-10888

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Ownership**

During our review of the ownership change you submitted to our department we found some discrepancies in the property purchased and the place of use of the water right. During our research we found that water right 27-10888 is not in part or as a whole appurtenant to your property. On February 10, 2010 our department talked to Baker & Harris Law Office and they indicated they would be doing some additional research on this water right. Please contact our department requesting this ownership change be returned or submit evidence of ownership indicating your interest in the above listed water right.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
