Re: Application for Transfer No. 73925

Dear Applicant:

The application referenced above has been assigned to me for review and processing. Twice in the past several years, you have applied to transfer water right no. 2-7212. Specifically, the transfer proposes to change 25 acres in the place of use from the NWNE of Section 11, T5S R3E [Could this be a typo? Our maps indicate it should be R2E] to the NENE of Section 19, T5S R3E. The SRBA delayed the processing of this transfer for several years.

The SRBA Court issued the partial decree for 2-7212 on October 27, 2009. The digital boundary map for the canal company service area indicates that the SRBA resolved this issue and that both the NWNE S11 and the NENE S19 are decreed within the service area of the Upper Grandview Canal Co. If this is your understanding, then the transfer is no longer necessary.

If you agree that the transfer is not needed and you would like a refund of the fees paid, please fill out the attached *Withdrawal of Transfer* form and send it back to the IDWR Western Region office by March 16, 2010. If IDWR receives no response from you by this date, IDWR will void the transfer and no monies will be refunded.

Call me at 208.334.2190 if you have questions. Thank you for your attention to this matter.

Sincerely,

Vicky Music
Sr. Water Resource Agent
