Travis,

I contacted staff in our Southern Region office to follow-up on the status of your Ownership Change request. As I found in the database records, the splits have been completed and the correspondence should be sent in the near future.

I have attached a layout of the current Geographical Information System (GIS) shape that represents the authorized irrigation place of use & point of diversion of your two rights. I thought it would be useful if you choose to file the Application for Transfer that we discussed to change the point of diversion to a location adjacent to your property.

If you have any further questions, please contact myself or the Southern Region office at (208)736-3033 for assistance.

Pam

TO WHOM IT MAY CONCERN:

Could you please send me certificates
or some kind of legal documentation
of ownership for these water rights?

Thank you,
Travis Farr
