RE: Change in Ownership Water Right No. **35-7891**

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our previous communication to you on April 10, 2009 and November 13, 2009 (copies enclosed) indicated additional information is needed to process your request. As of today, we have not received the requested information. The information required is indicated below:

**** The POU for this water right is located in all 4 quarter quarters of the SE of Section 20. The warranty deed you submitted only shows your ownership in the NE and SE of Section 20. If you own the property located in the W1/2 of the SE quarter of Section 20, please submit the recorded Warranty Deed. If you do not own the entire POU of this water right, we will need to split the above listed water right. The fee to split a water right is \$100.00. If you request we split this water right an additional \$75.00 will be required.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
