RE: Change in Ownership Water Right No. 35-7719

Dear Sir/Madam:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our previous communication to you on May 19, 2009 and November 13, 2009 (copies enclosed) indicated additional information is needed to process your request. As of today, we have not received the requested information. The information required is indicated below:

**** **Description of Portion of Water Right** resulting from division of water right. Water right 35-7719 is for 39 acres in the SWNW quarter of Section 20, T7S, R30E. The Warranty Deed indicates you own all except for 5 acres of this property. Unless you can submit evidence that the other party does not have any interest in this water right, we will need to split this water right. The fee to split a water right is \$100.00 and you have already paid \$25.00 to the ownership on this water right. If you do not have ownership in the entire water right please submit an additional fee of \$75.00 or a legal document indicating your ownership in the remaining 5 acres.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
