RE: Transfer Application 75824, City of Coeur d'Alene

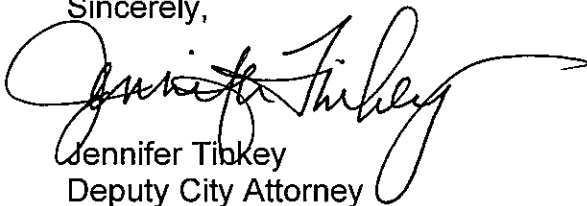

Dear Mr. Van Dyke,

I have prepared an amended application for transfer 75824 using the changes you suggested in your email dated March 17, 2010. I did not include attachment #8a for Part 3B of the application per our discussion that you would be preparing a memo to address that issue.

I also included an amended attachment for the list of the City's wells. As we discussed previously, the well at Hawk's Nest will not be included as a point of diversion.

Thank you so much for all your help and attention to this matter.

Sincerely,

Jennifer Tibkey
Deputy City Attorney
