Re: Rental Applications to the Water Supply Bank

An application to rent water from the Water Supply Bank was filed on behalf of Richard Kechter. The application indicates that a portion of the water will be used to mitigate for transfer 69603. The transfer was subsequently withdrawn, and two revised transfer applications filed in its place. The applicant did not file any additional applications to the water supply bank.

Mr. Kechter was issued a notice of violation for acres illegally irrigated in 2003. A Consent Order and Agreement was issued by the department after a compliance conference with representatives for the applicant. The agreement specifies that 613 acre-feet (af) of water must be rented from the Water Supply Bank during the 2004 irrigation season for restitution of acres illegally irrigated in 2003 (see Consent Order and Agreement issued June 28, 2004).

The following portions of rights leased to the bank were rented by Richard Kechter in accordance with the agreement:

<u>Water Right No.</u>	<u>Volume (af)</u>
36-7026	45.0
36-16170	96.0
36-2198 & 36-7932 comb.	190.7
36-2199	101.3
36-7264 & 36-8187 comb.	<u>180.0</u>
Total: 613 acre-feet
