Conditions/Remarks:

1. That portion of Right 65-2923C described as a diversion rate of 1.52 cfs for irrigation use and all of Right 65-2923B have been abandoned, and Right 65-13597 has been relinquished through approval of Transfer 66135.
2. Use of water under this right is subject to control by the watermaster of State Water District No. 65, Payette River.
3. The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the release of water from Blackwell Lake.
4. When water is not available to fill this right, the right holder shall cease diversion, shall rent water from the Payette River Rental Pool, or shall otherwise mitigate the depletion of water caused by this water use.
5. The storage of water under this right is contingent upon continued certification by the Department of Water Resources under the dam safety provisions of the Idaho Code, authorizing storage.

6. Use of water under this right may be affected by an agreement between the protestant and the right holder.
7. Approval of Transfer 66135 does not grant any right-of-way or easement across land of another.
8. The right holder shall accomplish the change authorized by this transfer within one (1) year of the date of this approval.
9. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
10. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.
