PROOF DUE NOTICE

RE: PERMIT NOS. 74-15606 and 74-15733

IMPORTANT: A response from you is required to maintain the active status of the referenced water right permit. If no response is received from you, the permit will lapse and your authorization to develop and/or use this water right will be cancelled.

Dear Permit Holder:

One condition of approval of each of the above referenced water permits was that proof of the extent of extent of your beneficial use must be submitted to this office on or before June 01, 2010. Enclosed are two forms: a Proof of Beneficial Use (proof) form and a Request for Extension of Time (extension) form. An acceptable proof form accompanied by the appropriate license examination fee, or a completed field examination report prepared by a certified water right examiner may be used to submit the required proof, if the water right has been applied to its beneficial use.

If you have not fully completed your project(s), you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. An extension request must be accompanied by a \$50.00 filing fee and signed by the appropriate authorized permit holder(s) or authorized representative with a power of attorney.

Either an acceptable proof or an acceptable extension request must be received by this department on or before the above proof due date. If neither is received, the department will send you a lapse notice and the permit will no longer be of any force nor effect.

Sincerely,

Emalee Rushing
