I Fred U. Burt

do hereby protest the application for changing the following water right within Butte County: Right Nos. 34-7179, 34-2330B, 34-7080B, 34-7121A, 34-7121B2, 34-7092, 34-7071, 34-12376, 34-13840, 34-13842.

And I protest the new point of diversion in SE NESE Sec. 29 T5N R 26 E for 5 CFS and drilling of ¹ new well^s in the fore mentioned location filed by Telford Lands LLC C/O Mike Telford 1450 W HWY 24 Paul, Idaho 83347

For the following reasons

I Fred Burt do protest the application for changing the above Right numbers and the new point of diversion and drilling a new well in the area intended because of the impact on existing domestic and irrigation wells. This area being prone to drought conditions and short surface water supplies, most wells were drilled for the purpose of supplemental water irrigation purposes. The Big Lost River gage measurements on March 3, 2010 is at 53% of normal. I have no objection to the well being drilled on the applicants property, but not in the area ~~app~~ where the permits are applied for where so many domestic and senior water rights will be so seriously impacted.
