S. Keen

Received 3/9/2010

A. Marshall

IDW has until 3/30/2010 to act

M. Anders

T. Thompson

Issues - Transfer

C. Brockway

B. Ragan

A. Volume limit on the transfer

70% OK ① Should allow 65% efficiency - NO GO

② Should allow for 0.10 cfs into the Hiawatha canal - Will Change

B. 0.50 cfs should be described as the same half a cfs as under the agreement with BWCC. CAN DO, but will not describe a volume

Will make change
Travis will provide a suggestion

OK C. Volume for conveyance loss. NO GO
Will describe a limit measured at the point of recharge.

D. Injection well reference. Will remove it from the water right approval, but it still may be required.

E. Cont. #9 - Will not be changed

Issues - Permit

NONE

APPROVALS!
