Re: Lake Cleveland Water/Points of Diversion from Marsh Creek

Dear Jim:

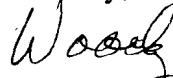

I want to Thank You very much for helping me fill out the forms regarding the Lake Cleveland Water Rights.

As you asked, when I visited with you last week in your office, I have shown the approximate location of the points of diversion for our property of the Lake Cleveland water. The property shown in red is owned by A. W. or S. J. Anderson and is the only place this water has been used for the past 60 years.

There is a letter on file with the IDWR from Attorney Roger Ling, representing Frederick L. Parke, (the Seller of subject property to us) detailing the use and legal steps showing ownership for the Water Rights.

Once again, Thank You so much for your help in this matter.

Sincerely,

A. W. "Woody" Anderson
