RE: Application to lease water right to the Water Supply Bank

Dear Bill,

Please find enclosed an application from PacifiCorp to lease a water right to the Idaho Water Supply Bank. Please include this on the agenda of the next water board meeting for consideration.

As explained in the application, this water right is a non-consumptive water right that has historically been used at our Cove Power Plant in Caribou County. PacifiCorp has petitioned FERC to decommission this plant. Our desire is to preserve the water right for now.

If you have any questions, please call me at (801)220-2252.

Cordially,

Claudia Conder
Water Rights Administrator
