Re: Sergio and Sofia Arroyo/47-7600 & 47-14365

Dear Mr. Merritt:

Sergio and Sofia Arroyo desire to transfer 0.11/36.0 CFS/AFA of irrigation water from 47-7600 to be used as stock and commercial water on their dairy facility located in Buhl, Idaho.

Currently there are two wells functioning on the dairy facility. One well has historically provided stock and commercial water and the second has provided potable water for domestic use. The Arroyo's would like to include both PODs for water rights 47-7600 and 47-14365. By doing so, a secondary well can provide additional stock and commercial water as needed.

The ownership, POD, nature of use and period of use of the 36 AFA portion of 47-7600 will be changing due to this transfer. The current POD for 47-7600 is located at T. 13S R. 16E Sec. 21 NWNESW. The two PODS for the dairy are located at T. 10S R. 14E Sec. 10 NENENE and T. 10S R. 14E Sec. 10 SENENE.

Please copy our office on all correspondence regarding this application. Thank you for your assistance and if you have questions or comments, please call.

Sincerely,

Greg Sullivan, M.S., E.I.T.
